PROFESSIONAL SUMMARY

Frontend developer with 3+ years of experience delivering websites and web applications for international clients using React, Next.js, and TypeScript. Builds responsive interfaces, reusable components, and API-connected products, with hands-on Node.js and PostgreSQL experience. Combines software development with a design background and owns work from brief through deployment. Based in Kosovo; open to remote work or relocation and requires work authorization for EU employment.

TECHNICAL SKILLS

- **Frontend:** TypeScript, JavaScript, React 18/19, Next.js 15/16, Tailwind CSS, Zustand, next-intl, HTML5, CSS3
- **Backend & Data:** Node.js, Express.js, REST APIs, Server Actions, PostgreSQL, Drizzle ORM, MongoDB, Appwrite, Zod
- **Delivery & Tools:** Git, GitHub Actions, Docker, Vercel, Microsoft Azure fundamentals
- **UI, Motion & AI:** Reusable component systems, responsive design, accessibility, GSAP, Framer Motion, React Three Fiber, Claude API, Claude Agent SDK, Adobe Illustrator, Adobe After Effects

PROFESSIONAL EXPERIENCE

Freelance Software Developer

Prizren, Kosovo (Remote)

Self-employed

Feb 2026 - Present

- Built and deployed ntshbeli.com, a full-stack B2B platform with Next.js, TypeScript, PostgreSQL, a protected admin area, product and image management, and a validated quote workflow.
- Designed and developed somosfibo.com, a bilingual Next.js website for a Mexican brand studio with localized routes, responsive motion, and an interactive 3D gallery.
- Built rrezon.dev and AI-assisted application tooling with Next.js 16 and the Claude Agent SDK.

Demiraj Concepts

Biel-Bienne, Switzerland

Web Developer & Graphic Designer (Freelance / Part-Time)

Sep 2022 - Jan 2026

- Delivered 10+ client web projects from brief through development and deployment using React, Next.js, TypeScript, and Tailwind CSS, including maxi24gmbh.ch.
- Created reusable multi-brand component systems and design guidelines, translating visual requirements into responsive production interfaces.
- Managed scope, timelines, revisions, and delivery independently in an asynchronous workflow between Switzerland and Kosovo.
- Produced 50+ brand and motion assets in Adobe Illustrator and After Effects.

StarLabs

Prishtina, Kosovo

Web Developer Intern

Feb 2024 - Apr 2024

- Contributed React components and REST API integrations to production MERN applications under senior-engineer code review.
- Resolved 20+ frontend and API defects and shipped fixes through reviewed Git pull requests.

SELECTED PROJECTS

Fibo: Strategic Brand Studio Website

2026

Next.js 15 · React 19 · TypeScript · Tailwind CSS · next-intl · GSAP · React Three Fiber

- Designed and developed the Spanish/English production website for a Mexican brand studio, live at somosfibo.com.
- Built localized routes, scroll-driven storytelling, an interactive WebGL gallery, responsive layouts, and reduced-motion and keyboard-accessibility support.

Ntsh Beli: B2B Electrical Distributor Platform

2026

Next.js 16 · React 19 · TypeScript · Tailwind v4 · Neon PostgreSQL · Drizzle ORM · Vercel Blob · Resend

- Built a production platform for an electrical-products distributor, live at ntshbeli.com, with a localized catalog covering 13 product categories.
- Designed the relational database schema for categories, series, and products and integrated it with a password-protected administration interface.
- Implemented product management, image uploads, validation with Zod, and a quote-request workflow with transactional email delivery.

Hireon: AI Resume Analyzer

Jun 2025 - Nov 2025

React · TypeScript · Tailwind CSS · Zustand · REST APIs · Docker · Claude 3.7 Sonnet

- Built the SaaS frontend independently with reusable components, custom hooks, centralized state, asynchronous API handling, and Docker deployment.
- Integrated Claude 3.7 Sonnet to provide real-time feedback on ATS compatibility, resume bullets, and keyword coverage; live at ai-resumerr.vercel.app.

Maxi24 GmbH: Corporate Website

2025

React 19 · TypeScript · Tailwind CSS · Framer Motion · Vite · React Router v7

- Built the production website for a Swiss construction company, live at maxi24gmbh.ch.
- Implemented a responsive interface, motion effects, and an interactive project gallery.

EDUCATION & ADDITIONAL

BSc in Computer Science, Specialization in Software Design

2019 - 2025

University of Prizren "Ukshin Hoti"

Prizren, Kosovo

- Thesis: *"Cloud Computing Usage Costs and Optimization."* Degree recognized by ZAB as equivalent to a German bachelor's degree.
- **Training:** Microsoft Azure Cloud; iOS Developer Programme; Graphic Designer Programme
- **Languages:** Albanian (native), English (C1), German (A2, currently studying B1)
